## BREAKING NEWS

The British government has spilled the beans about that fact that once you get double jabbed, you will never again be able to acquire full natural immunity against Covid variants – or possibly any virus.

So let's watch the 'real' pandemic begin now!

In its Week 42 "COVID-19 vaccine surveillance report," the U.K. Health Security Agency admitted on page 23 that **"N antibody levels appear to be lower in people who acquire infection following two doses of vaccination."** It goes on to explain that this antibody drop is basically permanent.

What does this mean?

We know the vaccines do not stop infection or transmission of the virus (in fact, the report shows elsewhere that vaccinated **adults are now being infected at much HIGHER rates than the unvaccinated**).

What the British are saying is they are now finding the vaccine interferes with your body's innate ability after infection to produce antibodies against not just the spike protein but other pieces of the virus. Specifically, vaccinated people don't seem to be producing antibodies to the nucleocapsid protein, the shell of the virus, which are a crucial part of the response in unvaccinated people.

In the long term, people who take the vaccine will be far more vulnerable to any mutations in the spike protein that might come along, even if they have already been infected and recovered once, or more than once.

The unvaccinated, meanwhile, will procure lasting, if not permanent, immunity to all strains of the alleged virus after being infected with it naturally, even just once.

Read it for yourself.. Page 24.

***The Liberty Beacon Project** is now expanding at a near exponential rate, and for this we are grateful and excited! But we must also be practical. For 7 years we have not asked for any donations, and have built this project with our own funds as we grew. We are now experiencing ever increasing growing pains due to the large number of websites and projects we represent. So we have just installed donation buttons on our websites and ask that you consider this when you visit them. Nothing is too small. We thank you for all your support and your considerations ...
